Dear Mr. Shively:

This is to acknowledge receipt of your
Freedom of Information Act (FOIA) request by the FBI
on August 20, 1975. *all*

An exceedingly heavy volume of FOIA requests
has been received these past few months. Additionally,
court deadlines involving certain historical cases of
considerable scope have been imposed upon the FBI.
Despite successive expansions of our staff responsible
for FOIA matters, substantial delays in processing
requests continue.

The FBI has 3,604 FOIA requests on hand.
Processing has begun, and is in various stages of comple-
tion on 1,467 of those cases. In an effort to deal fairly
with any request requiring the retrieval, processing and
duplication of documents, each request is being handled
in chronological order based on the date of receipt.
Please be assured that your request is being handled as
equitably as possible and that all documents which can be
released will be made available at the earliest possible
date.

To expedite release of any documents which
may pertain to you, please submit your notarized signature.
This procedure is designed to insure that information
concerning an individual is released only to that person.

Your patience and cooperation will be appreciated.

Sincerely yours,

A classification review was conducted of Bureau main file 100-469925, pertaining to Charles Allen Shively, and the following was noted:

Serial one - This is the only serial in this file and it is classified "Confidential." It should retain this classification based upon information contained on page two of the LHM, paragraph four. This information is of a type which would have limited accessibility; its disclosure could, thus, identify the source, who is currently active and reporting on matters of investigative interest to the Bureau which pertain to the national defense.

A review was also conducted of the documents proposed for disclosure. It does not appear that disclosure of the information concerning the requester would have significant impact upon future investigations, nor does any particular disclosure involve sensitive sources, unusual techniques or other special concerns.
